The above named Guardian being duly affirmed says that the foregoing Report is true in substance and in fact; and he further says that his ward will arrive at full age in the month of January 1879; that there is a probability he may collect a portion of the money now loaned out before that time; that it would be impracticable to loan said sum for so short

time; And he asks the Court to  
order and authorize him to de-  
posit any sum of money he may  
collect in Bank at a lower rate  
of interest than than the above  
percent, so that the same may  
be drawn therefrom for the pur-
