John Harrison,
Administrator shows to the Court, that
as such Administrator he has settled all
the debts of said estate and that there
remains in his hands a balance of \$264.⁶²
He shows that of this sum one third; to
wit: \$88.21 would go to the widow
and the balance to three minor children
of said decedent, giving to each the sum
of \$58⁸⁰; that he believes it would be
to the advantage of said children and
add to the comfort of both them and the
mother that the whole amount belonging
to the children be paid into the hands of
the mother to be used for the benefit of
the children; that the mother is a discreet
woman and would use the money to
better advantage than a guardian possibly
could. besides it would save costs of
Guardianship.

And he asks for an order to pay the balance
in his hands directly to the mother of said
children, who are small, ~~to the widow~~ and
take her receipt therefor.
