In the matter of the estate of

The administrator with the will annexed, J. E. Humston, says and shows to the Court, that his decedent at the time of her death was a very old woman, and left but two children to-wit:- the wife of the administrator, and a son, Phideller S. Woods; that both of said children of said decedent are of the full age of twenty one years, and were not in any sense dependant on the decedent for a support, nor were any other persons dependant on her for a support. That the decedent left an estate that was amply solvent to pay the debts thereof, and leave something for distribution to the persons named in the will of said decedent. He says that it would be in keeping with the size of the estate of said decedent, and be a decent respect to the memory of the decedent to permit the administrator to erect at the grave of the decedent a monument not to exceed in value the sum of one hundred dollars. And he further says that at the grave of the husband of said decedent there is a slab to mark the grave, and he thinks it would be appropriate that the proper inscription should be cut upon the monument to be purchased stating the death of the husband of said decedent, and that said stone be so placed as to mark the graves of both.

And he asks an order accordingly.
