

# TEACHERS AND SCHOOL OFFICERS

—OF—  
KOSCIUSKO COUNTY,  
INDIANA

1912—1913

THE teacher should go to his duty full of his work. He should be impressed with its overwhelming importance. He should feel that his mistakes, though they may not speedily ruin him, may permanently injure his pupils. Nor is it enough that he shall say, "I did it ignorantly." He has assumed to fill a place where ignorance itself is a sin, and where indifference to the well being of others is equivalent to wilful homicide. He might as innocently assume to be a physician, and, without knowing its effects, prescribe arsenic for the colic. Ignorance is not in such cases a valid excuse, because the assumption of the place implies a pretension to the requisite skill. Let the teacher, then, well consider what manner of spirit he is of. Let him come to his work only when he has carefully pondered its nature and its responsibilities, and after he has devoted his best powers to a thorough preparation of himself for its high duties. Above all, let him be sure that his motives on entering the schoolroom are such as will be acceptable in the sight of God, when viewed by the light beaming out from His throne.—Page.
