

To perpetuate our pleasant school day memories this token is presented to you with the kindest regards from your **TEACHER**

My Dear Pupil

Swiftly has run the tide of time since our term began and now we have reached its close

In parting from you I cannot express the love and esteem I bear you. Our mutual labors and friendships formed will proudly live in our memories

That time may deal gently with you, is the earnest wish of.

Your Teacher

We find in life exactly
what we put in it

The Close of School

Our school has closed, and at it's close
We turn our minds elsewhere,
And fondly seek a brief repose
From study and from care.

And as our school days we review,
Sweet memories they bring
Of kindness and of friendship true,
Which eer will round us cling.

For pleasantly we've spent our time,
And drank at Wisdom's fount,
And tried each day to higher climb
Her steps that upward mount.

As time flit's by I'll think of you,
Observe you in life's race,
Your features still will come in view,
Your well remembered face.

A fond farewell I give to you,
My wishes best extend,
A love that springs from heart that's true
I give to you my friend.

Your Teacher.

Truth and Virtue

As the harvest follows seed time,
So does manhood follow youth;
As the flowers from rain in spring time,
So does virtue bloom from truth.

Every thought is fraught with potency,
To determine all our acts;
Every action has its sequence
In the train of living facts.

In the strife of youth's ambition,
In your mind securely keep
The familiar admonition,
"As you sow, so shall you reap".

Would you realize, while living,
All the golden hopes of youth?
Give the world your best, and giving,
Speak and act and live the truth.

When the evening shadows lengthen,
And your day is nearly done;
May your joys increase and strengthen
In a life work well begun.

A Friendship
formed in Childhood, in
Youth, becomes
the Genius
that rules the rest
of Life
