

## Memorial To Pioneer Mothers, Indiana Centennial Project, Orange County, Indiana, 1916

The Memorial is south of Paoli between IN-37 and US-150 in the 'Pioneer Mother's Memorial Forest'. As you can see from the photos, there is a walking entrance from either side of the IN-37 parking 'loop'; at the top is US-150.

It looks like there is a road going in, but it has been blocked off and is now a walking trail. The actual Memorial is about at the bottom of "Pioneer...Wayside". There is a trail connecting the two roads but it is in poor condition.
