

Funerals at the Gosport Cemetery
Gosport, Indiana

as recorded in a small notebook by an unknown person. The notebook was among papers acquired by Alice Smith Young at the David Gray sale in 19___. The notebook has "Errett Gray, Gosport, Indiana" stamped on the back cover but it is unlikely that he kept the record since both Nathan Gray's and Alice Campbell's names are misspelled.

I am aware that there are many errors in the spelling of the names, just from my first-hand knowledge of some of the names. I would expect the dates to be fairly accurate.
