## ABOUT OUR PUBLICATIONS

### Index to 1890 Soldiers Enrollment Lists

A CD-ROM containing a detailed index to the 1890 soldiers enrollment list for a particular county. The enrollment lists (which are housed at the Indiana State Archives, and have also been microfilmed) enumerated veterans of all past wars who were residing in the various counties of Indiana in 1890, or if they were deceased, information on their widows and children. The lists are a valuable resource for determining an ancestor's military service, and also function as a partial census substitute, particularly since the Indiana portions of both the 1890 census and the 1890 special census of Union veterans and their widows were destroyed. The CD is in PDF format (accessible via the free Adobe Acrobat Reader).
